[2] Registered Unemployment Rate is being calculated by the Employment Agency of Montenegro. It represents relation between number of registered unemployed persons at the EAM Register and active population (employed + unemployed) according to the Census. Survey Unemployment Rate is being calculated on the basis of researches effectuated within the Labour Force Survey, conducted by the Statistical Office of Montenegro (MONSTAT). Manual on the Definition of the Survey and Registered Unemployment Rates could be found at the: www.zzzcg.org/publikacije

[3] Number of employments according to the data obtained by employers and the Department of Public Revenues
